PLAYPOINTS

PLAY POINTS REDEMPTION

The Play Points programme offers you the exciting opportunity to earn points every time you play, eat or drink.

You can redeem your points throughout the casino.

Fancy a drink at the bar? How about a tasty bar snack? Or a delicious meal in the restaurant? No problem. Just hand over your card when you pay. Redeeming points for extra play at the tables or on the slots is as simple as a visit to the cashier's desk.

We have gifts available from as little as 1,000 points. Why not redeem your points for one of the outstanding gifts included in this guide. To redeem your points just follow these simple steps:

- Choose a gift from this brochure.
- Ask to make a Play Points gift redemption at the cash desk, and let the member of staff know which gift you would like and quote the reference number.
- The member of staff will check you have enough points for that gift, if you do then they'll print you off a Play Points redemption voucher.
- You and the member of staff will both need to sign the voucher and the gift will be ordered for you.
- If you are redeeming for one of our instant gifts you can exchange your voucher for the gift immediately.
- All other gift orders are placed by us on a Monday and are due for delivery within one week, for you to collect from the cash desk.
- For some larger items delivery direct to your home address might be an option, please check with a member of staff for details.
